

I Would Do Anything

Killswitch Engage

The words die in my throat
And there is nothing I can do
From a child to a monster
And now a child among monsters Your life is a mockery
Twisted in the wind
Is this your legacy
Born of ignorance I'll give my heart and soul to see you free again
I would do anything
So many mistakes
Have led to this disaster Ten years of reflection
Don't waste a moment
Are you loathed to seek the truth
You must choose I'll give my heart and soul to see you free again
I would do anything
If you could see the hope I've always seen in you
I would do anything The weight that's crushing
Can be relieve
Leave the sins of the past
At your feet Pray for life or bleed to death
Pray for life or bleed to death
I'll drink the reddest blood to see you live again
I would do anything
If you could see the hope I've always seen in you
I would do anything
