

# Caress Me Baby

[Jimmy Reed](#)

Caress me baby, like the wind caress the trees Caress me baby, like the wind caress the trees I  
want cha' to love, love me baby, like a soft, soft summer breeze Strollin' by the river on a real  
moonlighted night Strollin' by the river on a real moonlighted night I love you, you love me  
baby, er'ything gonna be alright
