

# All Because of You (feat. Young Rome)

## Marques Houston

Corner Boys...

I can't blame you if you wanna leave,  
Cause i'm not the man that I once used to be.  
But there's a change that has come over me,  
So before you go listen to my last plea.[CHORUS]  
All because of you  
Oh, you're the love of my life  
And I was doin wrong, but I wanna do right girl  
All because of you  
Stayin out all night  
Wanna make it right, wanna change my life girl  
All because of you  
I wanna play games  
Wanna change your name to my name baby  
All because of you  
Gon be the man that I used to be  
I've changed because of you.  
Can't take back the things that I did before,  
But baby I'm promisin' that my heart is yours yours  
Know it ain't easy baby, but you gotta believe me baby  
All I'm askin for is one more chance, I've changed because of you.[CHORUS]  
All because of you  
Oh, you're the love of my life  
And I was doin wrong, but I wanna do right girl  
All because of you  
Stayin out all night  
Wanna make it right, wanna change my life girl  
All because of you  
I wanna play games  
Wanna change your name to my name baby  
All because of you  
Gon be the man that I used to be  
I've changed because of you.  
I I I I, I wanna do right by you, girl.  
I I I I, I wanna spend my life with you, girl.  
See I don't wanna play no games, wanna change your name to my name baby  
I'm turnin in my player's card... all because of you.[Spoken]  
It used to be that you in the club poppin bottles, wrists glistenin  
Shorty tried to tell me 'chill', but I wasn't listenin'.  
I can't deny, you knew me from bein Immature  
Only way of sayin' sorry, take you to the gucci store  
You told me all you really wanted was to see me more

Then the stress hit me hard like a meteor  
I hit rock bottom, you was there to pick me up  
I neglected you we didn't hug, didn't kiss enough  
But you never threw nuthin up in my face  
Gave me all your love and your warm embrace yeah  
But now I see I'll neva find another like you  
You the type boo, make a playa wanna wife you  
Wit me and you, this money's not a issue  
When I miss you, when I touch you, I can feel it in my bone gristle  
I'm still wit you and I'm sorry bout the way I did you  
know i used to?[CHORUS]  
All because of you  
Oh, you're the love of my life  
And I was doin wrong, but I wanna do right girl  
All because of you  
Stayin out all night  
Wanna make it right, wanna change my life girl  
All because of you  
I wanna play games  
Wanna change your name to my name baby  
All because of you  
Gon be the man that I used to be  
I've changed because of you.
