

Walk

Comethazine

Ay, ay, I walk around like that nigga, finger on the trigger
If a nigga want some smoke, I let this choppa eat his liver (BOOM!)
I came with that .38, I'm leaving with a body
If he try me, do him sloppy, shootin' up that big body (raah)
I walk around like that nigga, finger on the trigger
If a nigga want some smoke, I let this choppa eat his liver (BOOM!)
I came with that .38, I'm leavin' with a body
If he try me, do him sloppy, shootin' up that big body (raah)Pop out on a pussy, nigga, what the
fuck up?, ay
Gas pack strong as fuck, my blunt be doing push ups
If you brought [?] tell that pussy nigga buck up
You be talkin' hella tough on twitter, pull the fuck up
My bust down be shinin' like some glitter but it's VV'S
Murk a nigga, put him on the news, he on tv
I got all this ice 'cause I'm a god damn celebrity
Bust down demon on my motherfuckin' cuban link
I walk around like that nigga, finger on the trigga
If a nigga want some smoke I let this choppa eat his liver (BOOM!)
I came with that .38, I'm leavin' with a body
If he try me, do him sloppy, shootin' up that big body (raah)
I walk around like that nigga, finger on the trigger
If a nigga want some smoke, I let this choppa eat his liver (BOOM!)
I came with that .38, I'm leavin' with a body
If he try me, do him sloppy, shootin' up that big body (raah, boom!)
