

Into the Deep

Dillon

A loss of words
a gasp for air
a sense of wrong
a rapid blur
first colours fade
then disappear
into the deep a sudden state of ecstasy
a certain smell
a memory
first colours fade
then disappear
into the deep
reach for me a lack of time
a great relief
a missing name
a drastic change
first colours fade
then disappear
into the deep
a wasted day
a luxury
a troubled soul
a destiny
first colours fade
then disappear
into the deep
