

# Down Here On the Ground

Grant Green

Down here in the ground  
It ain't no place for living  
No, no, no  
Down here on the ground  
Watching the sparrows fly high  
I watch the birds  
As they make their wings  
Flying solid free  
How I wish it were me  
But I'm down here on the ground  
And I'm wanting something better  
I'm down here on the ground  
Wanting something more  
One morning soon  
I will find  
Some wings on my mind  
To take me high  
So if you hear a sound  
From down here on the ground  
My friends  
It's only me  
Trying to fly  
Trying to fly  
I would love to fly  
Because I'm tired of being  
Down here on the ground  
I'm tired of being  
Down here on the ground  
One morning soon  
I will find  
Some wings on my mind  
To take me high  
So if you hear a sound  
From down here on the ground  
My friends  
It's only me  
Trying to fly  
Trying to fly  
I would love to fly  
Because I'm tired of being  
Down here on the ground  
I'm tired of being

Down here on the ground
