

Soul Train

Classics IV

Listen to me, baby
The lights are way down low
There's a stack of records
On the stereo Let yourself unwind, girl
We're gonna take a journey
Down to rhythm and blues
Riding on a soul train
Yeah, baby, just me and you
You don't have to hurry
On a soul train ride
You don't have to worry
Let your troubles slide Dancing to the music
Maybe we can travel
Til we're out of sight
Riding on a soul train, yeah
And everything'll be all right All aboard Grooving slow and easy
Just taking our time
We ain't going nowhere
For, baby, I don't mind
So put your arms around me
We're gonna take a journey
Down to rhythm and blues
Riding on a soul train
Yeah, baby, just me and you Ooh, riding on a soul train, baby
Oh, riding on a soul train, yeah
Hey, come on, baby...
