

Breaking Silence

Janis Ian

Breaking Silence
Come into my solitude
tho i weary be
Come into my tenderness
dream along with me
listen to the wispers sing
listen to the singers shout
come into my solitude
me and my big mouth thoughts unspoken thoughts unsaid
lies of hearth and home
children broken on the bed and left to lie alone
things you talk around
scum you chock on down
come into my solitude
step on sacred ground
we were speaking
of values and violence
breaking silence fathers who are lovers to the daughters that they own
mothers who dont leave a child in a single saftey zone
people so unhinged, that death is much to kind
come into my solitude, step over that line thought i was the only one
thought i was the only one
thought i was the only
thought i was the only
only one
breaking silence
come into my solitude
welcome to the wheel
come into this wonderland
of wounds that will not heal
walls that do not speak
steps that do not sound
come into my solitude
burn this building down
