

Papernote

Tigertown

You were caught out in the deep
I wish that I could breathe under water, come and get ya
But he left without a trace
Couldn't tell you face to face, I'd do anything to get ya
Nobody but you
Ain't nobody but you
Nobody but you
Maybe I should go
See will your heart grow
Take a papernote
Wrap it up in smoke
You were crying in your sleep
I wish that I can meet you in between your dreams
I wanna turn up to that place
I tell ya face to face, I'll do anything to keep ya
And nobody but you
Nobody but you
Ain't nobody but you
Nobody but you
Maybe I should go
See will your heart grow
Take a papernote
Wrap it up in smoke
Nobody but you
Nobody but you
Ain't nobody but you
Nobody but you
Maybe I should go
Maybe I should go
Maybe I should go
I'd do anything to get ya
Maybe I should go
Maybe I should go
See will your heart grow
Take a papernote
Wrap it up in smoke
Ain't nobody but you
Nobody but you
Ain't nobody but you
Nobody but you
