

Inside the Vortex

[Ace Frehley](#)

Travelin' through the ages
Moving through space and time
Catching a glimpse of
What I can find
Inside the Vortex
It's so sublime
My life's gone through changes
Somehow I survived
My universe faded
But now I'm alive
Inside the Vortex
Baby, it's so sublime
Passing by constellations
Seeing comets fly by
Inside the Vortex
Yeah, it's so sublime
Within the Vortex
I'll make you mine
Inside the Vortex
Baby, it's so sublime
Within' the vortex
You know I feel alive
