

# Dont Wait Up

## Robert DeLong & Jam in the Van

Waiting on the phone to ring and wake us up again  
Lost inside a dream with halls that never seem to end  
Falling from the ceiling, I keep crawling on the floor  
Can't ignore the feeling this has happened all before I stumble out of my [?]  
I'm looking out every now and then  
If I'm leaving my home  
I don't know when I'll be back again So don't you wait up on me, I'm leaving with the light  
Don't wait up on me, I've got a restless mind  
Trying to pull ahead, I'm always chasing time  
Don't wait up on me, I've got a restless mind  
I've got a restless mind  
Waiting for the phone to ring and shake me up again  
Pull me out from underneath the state that I've been in  
Searching for a reason, I've been looking for the door  
Nothings gonna keep me here just waiting anymore I stumble out of my [?]  
I'm looking out every now and then  
If I'm leaving my home  
I don't know when I'll be back again So don't you wait up on me, I'm leaving with the light  
Don't wait up on me, I've got a restless mind  
Trying to pull ahead, I'm always chasing time  
Don't wait up on me, I've got a restless mind  
I've got a restless mind So don't you wait up on me, I'm leaving with the light  
Don't wait up on me, I've got a restless mind  
Trying to pull ahead, I'm always chasing time  
Don't wait up on me, I've got a restless mind  
Don't you wait up on me, I'm leaving with the light  
Don't wait up on me, I've got a restless mind  
Trying to pull ahead, I'm always chasing time  
Don't wait up on me, I've got a restless mind  
Don't wait up on me, I've got a restless mind  
Don't you wait up on me, I'm leaving with the light  
Don't wait up on me, I've got a restless mind  
Trying to pull ahead, I'm always chasing time  
Don't wait up on me, I've got a restless mind  
I've got a restless mind I've got a restless mind
