

# One Time

## Stroke 9

I gave up 'cause i couldn't feel  
and i gave in cause it sounded like a steal  
spending time on my back now  
thinking bout the facts now  
how bout this, and how bout that...Well here we go  
i like to think i'm on top of things  
but this life will bring  
what it will bring. you know  
i like to think i'm on top of things  
but this life will bring what it wil bringand my less than large brain is  
contorting the synapses  
sent from the ends of  
my dangling nerves  
Give me just one time  
two times  
you knows it's just where i'm at  
I'm waving as I goI got up, i never thought i'd get there  
my mind doesn't mind cuz my mind won't dare  
wake up, shake up, and wind up on my back  
how bout this, and how bout that  
I wanna wipe that plastic smile off my face  
i wanna win without entering the race  
i want to  
say waht i mean  
and mean what i say  
i just need something to mean anythingwhen my less than large brain is  
contorting the synapses  
sent from the ends of  
my dangling nerves  
Give me just  
one time, two times  
you know its just where i'm at  
i'm waving as i go  
you gotta give me just  
one time, two times  
you know its just where i'm at  
i'm waving as i go...i just wanna get through  
i don't know how i'm gonna do it  
i wanna get throughone time  
two times  
you know its just where i'm at  
i'm waving as

i go...
