

Destroy (feat. Members of Fucked Up)

Wavves

I cant pick myself up off the ground
Try to do different things
But I don't know how
Where do I go from ehre now
My World is ending
I know I gotta get out
I can't pick myself up off the couch
Try to do different things
But I don't know how
Where do I go from here now
This world is ending
I know I gotta get out
Destroy
Destroy
Destroy
Destroy
I can't seem to get out of shroud
Pissed off mom but did dad proud
So he's taking me out of here now
'Cause your world is ending
I don't belong here now
It's time to destroy
Destroy
Destroy
Destroy
Destroy
