

Sour Patch Kids

Asher Roth

[Verse 1]

Use the eyes of the owl
The Sour Patch Kids got me out of wack
And out of gas
The hour glass spills as I'm left on the vasey without a vest
Lost my train of thought
My brain can not be bought
Trained to trainicle auberate with authority (no way jose)
The chay in may(revolutionary)
To the leaders I am scary
I. Pose a threat to those who get to close for comfort
And won't conform
Come forward
Sworn on my unborn son if there is one more war I will come for, thee
Poor get poor, the rich just get richer
Get the jist?
You see the big picture?
China's ditched from a shake on the Richter
Mother earth shrugs and we all get evicted
This some sick shit
Slightly twisted
Information from our nations capital
Capital is all the captain calls for
They just want more (and more)
And more (and more)
And more (and more)
And more (and more)
And more (and more)
(I don't hear you)

[Chorus]

Take me away
Take me away from here
Take me away from evil
I don't hear you[Bridge]
Can you turn it up just a little bit?
(repeat 3x)

Can you turn it up? Can you turn it up[Verse 2]
My people crying, and be dieing, they be dining in the islands,
Drinking wine with their wives like everything is fine
Denying that they fightin for their lives,
Every night to survive since the beginning of time
aye-yai-yai

Can't believe the evil that feeds off this so called American dream
Lies deciet make all the Americans seem
like blood-sucking money hungry fiends
But money doesn't mean. A damn thing to me
I just want to be. I want to be free
But unfortunately a fortune is what you need
Cause the fortune 500's run the country
It's one company
If your not accompanied
Would you mind grabbing me a cup of tea?
If we go hungry, in our own country
I wonder whats it's like living in Hungary
Yeah, it isn't funny, but its coming
It's about to get ugly
Streets turn to a game of rugby
Y'all don't hear me tho
[Chorus]
Take me away
Take me away from here
Take me away from evil
I don't hear you[Bridge]
Can you turn it up just a little bit?
(repeat 3x)
Can you turn it up? Can you turn it up[Verse 3]
We're buying bubbly and make it rain 100's
Is it just me or is that some dumbshit
Yo what the fuck hoe come
Little dumbshit
Let's go(I know you can think of something)
Donate your dollars, raise a dollar
Help a mother, save a father
Cause poverty is probably our biggest problem
And it ain't gonna stop with Obama
To save the world we must start at the bottom[Chorus]
Take me away
Take me away from here
Take me away from evil
I don't hear you
I don't hear you
I don't hear you
I don't hear you
I don't hear you
I don't hear you
...

I don't hear you (repeat til it fades out)
