

Loneliest Time of Year

Mabel

Sorry I'm not so merry
But I feel like this yearly
Christmas time isn't my vibe
Brings no joy into my life
Watch the snow as it's falling
And I don't feel a damn thing
Only darken the tree lights
Just another December night
Sleigh bells ringing
Still I feel sad
It'll have you thinking
Of all the things
That you don't have
But I know
If I'm feeling lonely
I can't be the only one
Drowning in my tears
So somebody show me
How am I supposed to have fun
At the loneliest time of year?
Year
The loneliest time of year
Can you even imagine
All the people that haven't
Got no presents, no mistletoe
Some are living without a home
Waking up in the morning
And there's nobody calling
All wrapped up in a winter coat
Still longing for someone to hold
Sleigh bells ringing
Still I feel sad
It'll have you thinking
Of all the things
That you don't have
But I know
If I'm feeling lonely
I can't be the only one
Drowning in my tears (Drowning in my tears)
So somebody show me
How am I supposed to have fun
At the loneliest time of year? (Loneliest time)
Year (Loneliest time)
The loneliest time of year (Ooh)
So it doesn't matter if I managed to get
All the things on my list
Something about the yuletide

Makes me lonely inside
Can't just be me feeling like this (Ooh-ooh-ooh-ooh) If I'm feeling lonely
I can't be the only one (Only one)
Drowning in my tears (Drowning in my tears)
So somebody show me
How am I supposed to have fun
At the loneliest time of year? (Loneliest time)
Year (Loneliest time)
The loneliest time, the loneliest time of year
(Loneliest time, loneliest time)
Year
The loneliest time of year
