

Pretty Persuasion

R.E.M.

It's what i want hurry and buy
All has been tried follow reason and buy
Cannot shuffle in this heat it's all wrong
Try to put that on your sleeve it's all wrong it's all wrong He's got a pretty persuasion
She's got pretty persuasion
God damn pure confusion
She's got pretty persuasion It's what i want hurry and buy
All has been tried follow reasoning
And i put that in this heat it's all wrong
Try to wear that on my sleeve it's all wrong all wrong
He's got a pretty persuasion
She's got pretty persuasion
God damn, pure confusion
He's got pretty persuasion In the light i saw
Quite a scene there
It's what i want, hurry and buy,
All has been tried, follow reason and buy,
Try to put that in this heat it's all wrong
Cannot wear that on your sleeve it's all wrong it's all wrong
