

S.O.M.

Static-X

Can I not be taken
Such extreme that you whisper
The intent of your darker
Notions always remember I have seen symptoms of mercy
Drag out of hiding
Try to seduce me
Try to seduce me
Remember
Remember
So rotten Sorry
The truth is a truth
Those are my words So rotten Sorry
The truth is a truth
Those are my words So rotten Sorry
The truth is a truth
Those are my words So rotten So real
The truth is a truth
Those are my words
Kiss me Kiss this
I don't remember
Three years
Three tears
What's strong and dead
I feel I fear
Never for nothing
I fought I love
Now I remember
Remember
Remember
