

We Shine (Jorg Schmid Remix)

[Alex Saidac](#)

On my tip tip toe
Freaking out the door
You are bad and I'm so bored
My girls go down stairs and we going out
Running town, show what weird about
Wating until we drop
Shaking my hands couse we won't stop
All of those barbie-girls we rock (rock)
Boys are toys so lets call them out
Hey you cute, follow us
Thats that line when we walk by in
One E M, we have time to zin
Wating until we drop
Shaking my hands couse we won't stop
All of those barbie girls won't we rock (rock)
Tonight the night is ours
And we gonna be dancing dancing on the stars
The spotliht is on you
You know that there is nothing nothing you can do
Couse we all shine
We all shine
We all shine
We all shine
Tonight the night is ours
And we gonna be dancing dancing on the stars
The spotliht is on you
You know that there is nothing nothing you can do
Couse we all shine
We all shine
We all shine
We all shine

Play my song a was show "whats up"
Pop that bodie like no one stairs
Let's get stupid now we don't care
Poppis in my head
Daffie bird and I dont care

Tonight the night is ous
And we gonna be dancing dancing on the stars

The spotlight is on you
You know that there is nothing nothing you can do
Cause we all shine

Let's party party like we never did before
(hööh!)
When we get started you be begging me for more
Let's party party like we never did before
(hööh!)
When we get started you be begging me for
Tonight the night is ours
And we gonna be dancing dancing on the stars
The spotlight is on you
You know that there is nothing nothing you can do
Cause we all shine
We all shine
We all shine
We all shine
