

The Best Man

33Miles

I have always dreamed
To be that superhero
To fly right in and somehow save the day
And I have always wanted
To be more than I could be
But seen to fall and somehow lose my way
But the day your love stepped in
Was the day my life began Cause you will make me shine
You will make me soar
You will make me everything I never was and so much more
You give my strength
You let me stand
I don't have to move a mountain
But I know I can
Cause you make me the best man
Event through my weakness
You know who I am
And you give me amazing grace that I don't understand
There are no words
That could ever describe
The glory of, the beauty of, You in my life
Because You gave Your love to me
I'm the best that I can be Cause you will make me shine
You will make me soar
You will make me everything I never was and so much more
You give my strength
You let me stand
I don't have to move a mountain
But I know I can
Cause you make me the best man
I will never be the same
Cause you have changed everything
From the man I was to the man that's standing by Your side Cause you will make me shine
You will make me soar
You will make me everything I never was and so much more
You give my strength
You let me stand
I don't have to move a mountain
But I know I can
Cause you make me the best man The best man
