

# Innocent Man

## Burna Boy & DJDS

[Intro]

I like weed, I like head  
I like breakfast in bed  
I like getting a check  
You know I like to flex  
Like uh-uh, yeah, like uh-huh  
I like making 'em mad  
I like smoking the best  
Like to roll with the stick  
With all my chains on my neck  
Like uh-uh, yeah, like uh-huh(An innocent man)

[Verse 1]

Tell me, where the fuck was I?  
Yeah, I was fucked up, stuck outside in the cold  
Had to learn to survive on the roads  
Young wigga, done wile it and roll  
Just a little late, stereotypical  
Fuck from the get go  
Took a long time but I'm ready now  
Ya either get down or you get low  
Hey nigga, have some respect [?]  
Is it an oppress or attack on [?]  
Making a match just to send a message  
Just to get some respect from the older bredren's  
Picture me in my ends [?]  
When I mix up my mans tying up some loose ends  
Again and again 'cause my mans is complex  
Even a few mans in a band is complex

[Pre-Chorus]

Ride for me then I'mma ride for ya  
Ain't hard to find me, it's only one phone call  
And if you call and I don't answer then it ain't my fault  
Feds is watching so I probably got my iPhone off[Chorus]

Switching flows, yeah, you know me  
Yeah, in and out, yeah, in your house  
Yeah, criminal, how you like me now?  
I'ma whip it out, I'ma let it off, yeah  
Switching flows, yeah, you know me  
Yeah, in and out, yeah, in your house  
Yeah, criminal, how you like me now?  
I'ma whip it out, I'ma let it off, yeah[Outro]
