

Kaleidoscope

Dynamite Boy

I'm used to getting pushed around.
Spent half of highschool on the ground.
I thought I'd never let that win.
No, I admit I wanted in. My kaleidoscope (My kaleidoscope)
Helps me see things my own way My kaleidoscope (My kaleidoscope)
Helps me see things my own way I had a target on my back.
Condition response: heart attack.
I played it off as spirit?
When everybody laughed at me.
My kaleidoscope (My kaleidoscope)
Helps me see things my own way My kaleidoscope (My kaleidoscope)
Helps me see things my own way! My kaleidoscope (My kaleidoscope)
Helps me see things my own way My kaleidoscope (My kaleidoscope)
Helps me see things my own way
My kaleidoscope (My kaleidoscope)
Helps me see things my own way My kaleidoscope (My kaleidoscope)
Helps me see things my own...
