

Amber Alert

Lil Durk

What they sneak dissing 'bout?
Got shooters to get them out
For a feature from me, a nigga a get and gone
My niggas killers, my niggas killers
I'ma amber his ass and now niggas missing
I'm talking amber alert, amber alert
My shooters they shoot first I'm talking amber alert
Where I'm from we get em gone
I'm talking amber alert
Now a nigga missing, talking amber alert
Can't no nigga say Durk ain't never posted up
Two dumb gangstas taking chances, after party's gone
April 26, when we in that 26
No 52 bars behind bars, he 52 in that bitch
I said street niggas strong like bleach nigga
Forty turn a sweet nigga
Caught a case and not a week nigga
The price is right, call Bob Barky off the speed nigga
Nigga posted, I'ma do em for that fee nigga
1500 on my [?]
Niggas mad at you, you in that jam you ain't sell em nothing
You let all your boys ride, you be fronting
Amber his ass like ohhh
She just saw all my shows cost my show money niggas act like they got it ID don't show money
i spend it can't die with it oh i can't grow money had millions back in 93 90 shows from me
when i say bro in that cut
I got niggas thinking my shoes is under penny i side with them
Got my deal got these niggas in they feelings
Put 2 bricks on em
He dead by six something
How you hit that that lick if you ain't get none?
So quit stunting
Just quit fronting
Im flexing and finessing
