

Carry On

Bisola

Just carry on
It'll soon be over
Night always comes before the dawn
Just hold on it won't be long
If you think you can't make it
This battle is taking
Its toll upon you now
But you'll get through this thing somehow
Cause I know what it feels like while you've been holding on
And life just keeps on passing you by
Look I'm not saying I know exactly what you're going through
But just hold on till the light
And one day you'll realize
The struggle is over
You'll realize
The struggle is over
Just close your eyes
Imagine a future
With no pain, no suffering
Just peace and joy within
There's victory waiting
Success will be your friend
It is not impossible you'll see
Just hold on and you believe
I don't know why people go through such hard things
In this crazy world that we live in
But keep on learning keep growing keep sharing through those things
And I'll be praying for you
That one day you'll overcome
The struggle is over
You'll overcome
The struggle is over Just carry on X4
Just carry on X4
Just carry on (chorus) X4
I don't know why people go through such hard things
In this crazy world that we live in
But keep on learning keep growing keep sharing through those things
And I'll be praying for you
That today day you'll overcome
The struggle is over
You've overcome
The struggle is over

You've overcome
Its over the struggle is over
You've overcome
Ooh ooh ooh ooh
Its over its over its over
Just carry on
Ooh ooh ooh ooh ooh ooh ooh ooh
Just carry on just carry on just carry on
