Yes. Yes. Check it:
A One two, one two
One two, one two Voodoo symphony Voodoo symphony
In the M-I-N-D
Wav files rub on your brain files constantly
Open frequency.
Coming way louder than a wire that swept the beat.
Bomb threat on the deck right where you are apt to be.
Jumpin off hard in the front and the back of me.
Mash it up properly. Mash it up properly. Mas-mash it up properly. Let me see how you humpty
dance.
We should get together while we got the chance, to.
Yep, yeah, you know how we do
Old school, new school, then combine the two. And damn, it seems you're doin it justice.
I love the way you move it when we show up and bust this.
Trust it, gets better ya'll, cocktail Molotov.
Sweat it off, digital to analog. I think that's it.
That's it.
Mash it up properly. Mas-mash it up properly. Voodoo symphony Voodoo symphony
In the M-I-N-D
Wav files rub on your brain files constantly Coming live to your eardrum sonically. Voodoo
