

Burn It Down (feat. Demrick)

Jarren Benton & DJ Hoppa

[Intro]

(DJ Hoppa)

Yeah, uh[Verse 1]

Where the love at?

Some days I wake up like, Fuck rap

I turn that?bitch?into a bloodbath

See?the greedy never get enough cash

Sleep?with pistols underneath the pillowcase

A motherfucker wanna try to trespass

Niggas [?] like a bus pass

I go loco and stay watchin' [?]

See the heavy metal, [?]

You hear that cannon, yeah

I close the casket and hammer nails

Shit get darker than Annabelle

Or Amityville, my sanity will

[?] I can't even feel

How can it be real?

My energy's ill

[?] make my enemy kneel

[Chorus]

Yeah

Doctor, where is my thorazine?

I get head every morning, a war machine

'Til she throw up her vegan [?] pork and beans

I just ordered the slaughter on your [?]

I behead a king, [?] I know the queen

Made a lil' song for you niggas that's stuck in the house, tryna get through the quarantine

We gon' burn it down

[Verse 2]

Where the love at?

Niggas stuck, tryna get their buzz back

Just wanna get high

[?]

Pulled a strap off the gun rack, let a shot fly

[?] like the letter I

Pop the Glock, [?]

You was losing grip, thought I'd let it slide

This is exercise, work it out quickly

Burn a stick and keep a pound wit' me

Shotgun by my bedside

Niggas head's fly if they fuck wit' me

I need 150 for the advance
That's six figures up front (Up front)
Keep one finger on the trigger
Other on the blunt, tell me what you want, nigga
Either way, I'm gon' burn it down
[?]
Shoulda put me back where you found me at
Movin' like a zombie on attack
Who the fuck put me on this track? That's [?]
[?], what the fuck you want?
Burn it down
[Verse 3]
Where the love at?
Feds kick the door, they got my nigga tryna flush crack
They got dirt up on you like a mud flap
Niggas swillin' on you like a muskrat
They done fucked around and got the pub whacked
[?] niggas moustache
When they comin' at you, gotta bust back
Get you down to ride like a hubcap, nigga (Yeah)
I done went solo dolo
Niggas servin' birds like a Pollo local
Money over hoes, that's the only motto
I want all the cheese like I made risotto
[?] favorite logo
You should get it tatted and go take a photo
[?]
[Chorus]
Where the fuck is my thorazine?
I get head every morning, a war machine
'Til she throw up her vegan [?] pork and beans
I just ordered the slaughter on your [?]
I behead a king, [?] I know the queen
Made a lil' song for you niggas that's stuck in the house, tryna get through the quarantine
We gon' burn it down
