

Not Alone

Red

Slowly fading away
Your lost and so afraid
Where is the hope in a world so cold
Looking for a distant light
Someone who could save a life
Your living in fear that no one will hear your cries
Can you save me now I am with you
I will carry you through it all
I won't leave you I will catch you
When you feel like letting go
Cause your not, your not alone
Your heart is full of broken dreams
Just a fading memory
And everything is gone but the pain carries on
Lost in the rain again
When will it ever end
The arms of relief seem so out of reach
But I am here I am with you
I will carry you through it all
I won't leave you I will catch you
When you feel like letting go
Cause your not, your not alone I'll be your hope when you feel like its over
And I will pick you up when your whole world's ending
And when your finally in my arms
Look up and see that love has a face
I am with you
I will carry you through it all
I won't leave you I will catch you
When you feel like letting go
Cause your not, your not alone And I will be your hope
And I will pick you up
And I will be your hope
And I will be your hope Slowly fading away
Your lost and so afraid
Where is the hope in a world so cold
