

Nothin' Can Save Ya (feat. Fatoumata Diawara)

[Bobby Womack](#)

Nothin' can save ya
Bobby Womack
I was kind of dreaming
And my heart was making plans
Try to hold on
But it was falling through my hands
Did you hear me babe
Did I get close to your soul
Try to reach you
But I had to let it go
Like nothin' can save ya
A song fight took you there
You were never really mine
You lend get in the twilight
And slowly clip a tool way
Heavens hands you down
For a moment in my life
Thanks towards a wonder
Was a falling from the sky
Like nothin' can save ya
Was kinda of dreaming
And my heart was making plans
I tried to hold on
I tried to hold on
Did you hear me babe
Did I get close to your soul
I tried to reach you
But we had to let it go
Like nothin' can save ya
Never, never, never...
