

# Dead or Alive

## Johnny Thunders

It's so hot in here  
I can't keep it clear  
Every word I say to you  
Baby it's so dear And when you stop me  
Cause I'm moving too fast  
It finally happened to me  
It finally happened to me Dead or alive  
Baby I want you  
I don't know what to do  
I'm finally turning blue  
Every word I say to you  
Baby it's so dear And when you stop me  
Cause I'm moving too fast  
It finally happened to me  
It finally happened to me Dead or alive  
Baby I want you  
Baby I gotta...Dead or alive  
Baby I want you It's so hot in here  
I can't, can't breathe clear  
Every word I say to you  
Baby it's so dear  
Baby can you stop me  
Cause I'm moving too fast  
It finally happened to me  
It finally happened to me Dead or alive  
(It's dead. It's alive) Baby I want you
