

# The Light (feat. Manfred Mann)

## GLC & Manfred Mann

[feat. Manfred Mann] Man I shine like mister Clean  
Got more gold than mister t  
Pretty girls in the mist for me  
Got more chips like chips ahoy  
My game is Cole as Melyssa Ford  
Takin' trips, chips and horresBlinded by the light  
Yeah she says my... change  
Yeah she says my angel wings  
Girl better do what you do to your face  
Look like she might put Maybelline  
Bitch she say pullin' out  
Up all in and out my baller jeans  
I think that's what she became  
Blinded by the light  
Up on the road when the light hit  
Just turned on like light switch  
Right there stop thinkin' of  
What type of... she might get  
Now she got no gangsta bitch  
She take a pitch where I can see her  
One in a million look like AalyahBlinded by the light  
You all see the woman now  
I'm on my ground like black and decker  
Once she tear me what's the sound  
I read her mind and I'm a...  
I'm off the wall like phillips screen  
I flip and flap like Billie Jean  
Like getting' money since 17  
Blinded by the light  
Ripped off like a...  
Runner in the nightBlinded by the light  
So I put her on the flight  
She never had been on a plane  
Could have flown to LAX  
But I preffer to do...  
On the ground like...  
Collars pop like elvis prez  
My... no time to see her  
Blinded by the light  
Off the plane to her daddy  
She cut her hair  
She looked like Ali

On the map like...  
I'm flying up girl...  
Brand new bag, yeah she got it  
Brand new jet, yeah I got it  
We drive back like automaticBlinded by the light  
Off to the party  
And Ali is...  
On to the...  
We can get a...  
Spaceship yes I will  
... flow watch I'll goBlinded by the light  
When...  
She's gonna say to... in  
... like sun chips  
... in the fun dip  
I swear that I want itBlinded by the light  
When I come up though  
If I 'm getting' jo  
... she now me really dough
