

City Lights (2018)

JoJo

 Hmm Yea (Ooh Ooh)
 City Lights
It's on tonight Yea Yea (ooh ooh ooh ohh yea)
Out on the street, I'm looking for a celebration
Come roll with me, together we can crash the party and
 Get on the floor, DJ please play my song
 And we can do this all night long
 Once again, it is on I'm on a high
 I feel like I'm on medication
I'm open wide, and we don't need no complications
 Cause I feel alright
And all I see is red lights, and blue lights, and street lights
And it's real life, is that a sign? I'm under the city lights
 It's on, its on tonight
 My mood is right, its on its on tonight
 Me and my girls (me and my girls)
Tonight it's our world (tonight it's our world)
 ooh yeah
 I'm out tonight
 See I'm out tonight (Heyy)
 Come on now
 It's after dark
And I love stories in the morning
 I can see the stars
Expensive cars on the boulevard
 And now I'm so inspired
 Cause I want to buy me a Lexus
Or maybe Ill get me a Beemer or Hummer,
 It's summer
 Its never too late
There's always more fascination
 Just turn the page
 And I won't be hesitating
 Cause I can hardly wait
Do my dance, sway my hands
 Hear my jam
 You can count me in
I wish tonight will never end
 I'm under the city lights
It's on, its on tonight (It's on tonight)
My mood is right, its on its on tonight
 Me and my girls (me and my girls)

Tonight it's our world (tonight it's our world)I'm under the city lights
It's on, its on tonight (It's on tonight)
My mood is right, its on its on tonight
Me and my girls (me and my girls)
Tonight its our world (tonight its our world)I'm out tonight and it's all alright
See I'm out tonight, and it's alright
Yeah yeahJojo do the dance, say Jojo do the dance (hey)
Jojo do the dance, say Jojo do the dance (hey)I'm out tonight and it's all alright
See I'm out tonight, and it's alright
C'mon nowJojo do the dance, say Jojo do the dance(do the dance)
