Oh-oh-oh-oh-oh-oh

Oh-oh-oh-oh-oh-oh

Can you hear me now? This is not the girl you used to know

Talking to you now

I don't think you want me to explore

It's the countdownIt took you too long

To find out what you want

Right now, I'm too gone

To stay around

Switching up my style

Now our faces never stick around

A.K.A

Never hold you down

A.K.A

Can't figure it out

A.K.A

You don't know me now, oh

You don't know me now

A.K.A

A.K.A

Oh, you don't know me now

A.K.A

You don't know me now

Oh, you don't know me nowThey all seem to watch you when you go

I was here, oh, I was here before

What goes around, comes back around for sure

So I'm a let you, I'm a let you know

It took you too long

To find out what you want

Right now, I'm too gone

To stay around

Switching up my styleNow our faces never stick around

A.K.A

Never hold you down

A.K.A

Can't figure it out

A.K.A

You don't know me now, oh

You don't know me now

A.K.A

A.K.A
