

Bomb Yourself

TV on the Radio

Bomb your country
Oh, shed no tears
TV dinner
Overfed your fears So make your money
And spread your seed
Better lap up luxuries
But acknowledge need You've made a family
Now kill 'em dead
Oh, it's not me Ma
It's what the TV said
Your final fantasy for your
Final days
Oh baby, it's the infancy Bomb your country
Then sit and smile
Why don't you lay back easy
Just wait a while
Just wait a while
So baby, bomb your country
And sit and smile
Oh baby, lay back easy
Just wait a while
Just wait a while Final fantasy
Final fantasy
Final fantasy
