

Sugar Free Jazz

Soul Coughing

Normalize the signal when you're banging on freon
Paleolithic eon
Put the fake goatee on
And it booms as cool as
Sugar free jazz Schools he bombs, he bombs
Schools he bombs, he bombs
Schools he bombs, he bombs Stack wax, lie like a place mat
Won't lap
But help you at the Automat
And it's clear and clean as
Sugar free jazz
Schools he bombs, he bombs
Schools he bombs, he bombs
Schools he bombs, he bombs
Fossilize apostle and I comb it with a rake
You can't escape
You pull out the brake
And it booms as cool as
Sugar free jazz Schools he bombs, he bombs
Schools he bombs, he bombs
Schools he bombs, he bombs
