

# If So

## Atlas Genius

Everybody's taking what they can but they can't decide  
They do what they want cause any kind of feeling's alright  
And don't be talking maybe, your mama's flying high as a kite  
You're just like the next one cause we'll be walking lonely tonight

Lonely tonightIf so,

If so,

We know we'll be coming

If so,

If so,

We know we'll be coming

If so,

If so,

We know we'll be coming

Everybody's faking like they can, it makes it alright  
Tell me what you want to cause I don't know the wrong from the right  
Just don't be talking maybe your mama's still high as a kite  
And I'm just like the next one cause we'll be walking lonely tonight

Lonely tonightIf so,

If so,

We know we'll be coming

If so,

If so,

We know we'll be coming

If so,

If so,

We know we'll be coming

If so,

If so,

We know we'll be coming

If so,

If so,

We know we'll be coming

If so,

If so,

We know we'll be coming...
