

# Caroline

## Jefferson Starship

Oh what can I tell you now, Caroline  
Should I hurt your feelings or keep on lyin'?  
One thing leads to another and another  
And another and another besides  
You always know whenever I wanna make love  
And you always know all the changes I'm going through  
Just as if you can read my mind  
Caroline, you know everything I do  
There just ain't no words to describe  
How I feel inside for you. Yet somewhere out there  
Waitin' on a wonder  
You'll lend wings to my words  
Somewhere when the band is gone  
And the music of my song  
Is just right for lovers.  
You're what I want more than anything else  
I love you - yes I do - but I know when I'm all by myself  
Nothin' is real but my feelings and desires for you  
And everything looks like some sort of scenery  
Stored in an empty theatre  
With stars on the ground - fences in the sky  
And tears in the curtain of time  
Oh what can I tell you, my Caroline. Except yet somewhere out there  
Waitin' on a wonder  
You'll lend wings to my words  
Somewhere when the band is gone  
And the music of my song  
Is just right for lovers.  
Caroline, your lovin' keeps me rollin'  
Rollin' all the time, rollin' all the time  
Baby - somewhere out there  
You really roll me  
Roll me away  
Baby - somewhere out there  
You roll me, roll me away. And when the melody makes me surrender  
Dark eyed girl, I always remember  
That you love me somewhere out there  
You really love me in time to the music  
How you love me wildly in my heart  
Girl, you love me  
You roll me away. You always fill my heart with wonder  
You always fill my soul with love

You always fill my lips with kisses  
You always fill my eyes with tears.It's like a wind from the other side of the world  
Like a far off pack of hounds  
Sounds like a whole universe - throbbin' with life  
I get so hypnotized in the lights  
Just like the gaze of a mantis  
Why even Atlantis sank beneath  
The waves in a day and a night  
Oh, in a day and a night I could write  
You a symphony  
It would be just like a bird  
And carry my love over the mountains.Cause somewhere out there  
Waitin' on a wonder  
You'll lend wings to my words  
Somewhere when the band is gone  
And the music of my song  
Is just right for lovers.You always fill my heart with wonder  
You always fill my soul with love  
You always fill my lips with kisses  
You always fill my eyes with tears.Cry Caroline.
