

moodz (feat. 24Hrs)

blackbear

Yeah, yeah, da-da-da
Da, da, da-da-da
Da, da, da, ehI got two moods
Sleep is for the weak
Sleeping for a week, I swear
Got two moods
Drinking Hennessy, VSOP, and XO
Two moods
In the escalade bumpin' Jodeci subtweeting
In the drop top, whole crew
Kinda leaning, tires screeching, babe
Two moods
Hit it from the back
Let her back it up, good God
Two moods
In the box suite or the floor seat sittin' on the wood
Scottie Pippen no temples
I just flew in town got the 6 goin' mental
No free time on my schedule
Neenyo, slow it down man
I just found my tempoTwo moods
Two moods
Got two of them things
Got two of them things
Always got two
Two everything
I got two moods
Drivin' and smokin' or drinkin' and Ubering
Two moods
Gotta take it real slow
But that depend what kinda mood I'm in
Two moods
Dark hair with the thick thigh
Blond hair, bad & boujee
Malibu, get the sushi
Maestro get the wagyu
Snoozegod got the uzi
I ain't really tryna dap you
Y'all actin' like you never really knew me
And now that I'm hot I got two different moods
That's fresh as all fuck, and I don't fuck wit youScottie Pippen no temples
I just flew in town got the 6 goin' mental

No free time on my schedule
Neenyo, slow it down man
I just found my tempoTwo moods

Driving too fast like I wanna go out tonight
I don't pop pills but she wanna pop on the flight
Aye twenty let's pop and lay back
I heard you just copped the Maybach
I give you everything you want
Just so I could prove a point
I just smoked like a whole damn pound
Yo' bitch said she love my sound
I got two moods
I got two moods
Twenty never gon' kiss and tell
Twenty just did the YSL
Twenty four ain't never cared
Twenty four playing new Blackbear
Twenty four just need the Wraith
Your bitch just want a taste
Gotta put a bitch in her place
Young twenty might catch a caseI got two moods
Sleep is for the weak
Sleeping for a week, I swear
Got two moods
Drinking Hennessy, VSOP and XO
