Tickle Me Pink

Johnny Flynn

Tickle me pink, I'm rosy as a flushed red apple skin Except I've never been as sweet

I've rolled around the orchard and found myself too awkward And tickle me green, I'm too naivePray for the people inside your head

For they won't be there when you're dead

Muffled out and pushed back down

Pushed back through the leafy groundTime is too early, my hair isn't curly

I wish I was home and tucked away

When nothing goes right and the future's dark as night

What you need is a sunny, sunny dayPray for the people inside your head

For they won't be there when you're dead

Muffled out and pushed back down

Pushed back through the leafy ground

Don't know where I can find myself a brand new pair of ears

Don't know where I can buy a heart

The one I've got is shoddy, I need a brand new body

And then I can have a brand new startPray for the people inside your head

For they won't be there when you're dead

Muffled out and pushed back down

Pushed back through the leafy groundMonsters in the valley and shootings in the alley And people fall flat at every turn

There is no straight and narrow, offload your wheelbarrow

And pick up your sticks and twigs to burnPray for the people inside your head

For they won't be there when you're dead

Muffled out and pushed back down

Pushed back through the leafy ground

Pray for the people inside your head

For they won't be there when you're dead

When you're dead, when you're dead, when you're
