

# Vibin in This Bih (feat. Gucci Mane)

## Kodak Black

Who that is? Lil Kodak

It's Gucci!

1800!

Look! Cuban on my wrist, Cuban on my neck, your girl on X  
Money talks, she on the phone high, we havin' phone sex  
Never duck in front you peons, I ain't full yet  
Kept it real since the begun, I ain't told yet  
I done finally got my muscle up, you know I'm gon' flex  
People rootin' for the hustler, I think I'm on next  
At your neck, I don't get tired, I ain't gon' rest  
You gotta play your cards right, them jack boys on deck  
I gotta keep the fan on, you know them girls gon' sweat  
I'm tryna put my man on, but he ain't came home yet  
Kodak Black but my hoe react, she get her own bread  
I hit your girl with the pole, now she walkin' bowlegged  
Dirty drink this that prometh, been sippin' Moët  
I'm just tryna stay focused, ain't tryna go flat  
You turn cold when the heater on, I know you're gon' melt  
I've been smokin' broccoli, they say it's good for your health  
Nah I'm good, I don't need your help, I do it myself  
I know you don't really love me, you're just lovin' my wealth  
It's lil Kodak, the finesse kid, walkin' like a leg  
Hittin' licks, now I'm droppin' hits, mouthpiece cost a brick  
In the club, vibin' in this bih  
Vibin' with my clique  
All she wanted was to take a pic  
But now she gettin' hit  
In the club, vibin' in this bih  
Vibin' with my clique  
Vibin' in this bih  
Vibin' with my clique  
In the club, vibin' in this bih  
Vibin' with my clique  
All she wanted was to take a pic  
But now she gettin' hit  
In the club, vibin' in this bih  
Vibin' with my clique  
Vibin' in this bih  
Vibin' with my clique  
Lock me in a box, but I'm comin' out swingin'  
Watch 200 so I'm comin' out blingin'  
Somethin' like the wind, can't touch, just hear me

Suckas can't see me, but they damn sure feel me  
They say, "Gucci Mane gone, the rap game ain't nothin'"  
Soon as he left, the coke price start jumpin'  
Walk around the club like I walked around the yard  
Nigga I'm the trap god, you tryna look hard  
I'll never ever ever ask the police to protect me  
Never ever ever let a rapper disrespect me  
Next time from Gucci Mane, gun clappin' gon' happen  
Put a cap to the cap and see my bullets tap dancin'  
In the club, vibin' in this bih  
Vibin' with my clique  
All she wanted was to take a pic  
But now she gettin' hit  
In the club, vibin' in this bih  
Vibin' with my clique  
Vibin' in this bih  
Vibin' with my clique  
In the club, vibin' in this bih  
Vibin' with my clique  
All she wanted was to take a pic  
But now she gettin' hit  
In the club, vibin' in this bih  
Vibin' with my clique  
Vibin' in this bih  
Vibin' with my clique
