

Lost It to Trying (Paper Towns Mix)

Son Lux

What should we do now?
We lost it to trying
We lost it to trying What should we do now?
We lost it to trying
We lost it to trying What can we say now?
Our mouths only lying
Our mouths only lying
What can we say now?
Our mouths only lying
Our mouths only lying Give in and get out
We rise in the dying
We rise in the dying Give in and get out
We rise in the dying
We rise in the dying Give in and get out
We rise in the dying
We rise in the dying
Give in and get out
We rise in the dying
We...
What should we do now?
We lost it to trying
We lost it to trying
What should we do now?
We lost it to trying
We lost it to trying
