

Shifting the Atmosphere

Jason Nelson

Our worship and our praise is shifting the atmosphere
Till the heavens are open
This praise is shifting
Shifting the atmosphere For breakthrough in healing
Our worship is shifting the atmosphere
It's moving and it's breaking
This worship is shifting the atmosphere Every yoke is destroyed
Every chain is broken
This worship is shifting the atmosphere
It's moving it's breaking
Our worship is shifting the atmosphere
Till the heavens are open
For breakthrough healing
This worship is shifting the atmosphere It's moving and it's breaking
Our worship is shifting the atmosphere
It's moving and it's breaking
My praise is shifting the atmosphere Every yoke will be destroyed
Every chain is broken
This worship is shifting the atmosphere
It's moving it's breaking
Our praise is shifting the atmosphere
It's moving it's breaking
This worship is shifting the atmosphere
It's moving it's breaking
This worship is shifting the atmosphere
