## Ski Mask the Slump God

Yeah, yeah yeah, ooh, hah  
You won't, yes sir  
Yes sir  
ChaseTheMoney, ChaseTheMoney  
Okay, what you say? Yeah, yeah, common sense is to compromise  
When everybody 'round you talking nice  
That is a yes man, recognize  
Yeah, uh, I am appalled by the battles I fight  
I let them all think a nigga too nice  
Like when a nigga say his dog don't bite  
Yeah, uh, I shake shit like a lime in a coconut  
Smoking dark green weed, my bitch call it ogre nut  
Forbidden fruit in my diet, get your wisdom up  
Yeah, huh, I'm like shark, shit, shawty got a big butt  
Clout is a hell of a drug, that's why she give suck  
Bitch, I think I'm MC and  
Hammer because you can't touch  
Ooh, what you do?  
Pour the Henny like a soup (Uh)  
Psst, splat the goo, where I'm from, animal  
Nickelodeon, with my slimes, let 'em ooze  
Life is stellar, bought Margiela, I got back my groove  
You is a square like in a Rubik's  
All on my dick like the hair on my pubic  
She said, she ready, look at her stupid  
'Cause she got a diaper booty like Cupid  
Wonder how I move, liquid, let's do it  
Money how I talk, bitch, I speak fluent  
Smokin' on stank, you smell like a sewer  
How was you feeling, vro? Bitch, like the Four  
Like haiku, I speak smooth (Ooh)  
But they tryna fuck up my mood (Ooh)  
Thought we cool, but when you round (Ooh)  
You fuck up the cool in my mood (Ooh)  
Like say moo, black white fur  
Designer jacket cover my nude, uh  
Take it serious, that's it period (That's it)  
Don't fuck up my groove (That's it, that's it)  
Like haiku, I speak smooth (Ooh)  
But they tryna fuck up my mood (Ooh)  
Thought we cool, but when you round (Ooh)  
You fuck up the cool in my mood (Ooh)

Like say moo, black white fur  
Designer jacket cover my nude, uh  
Take it serious, that's it period (Ooh)  
Don't fuck up my groove (Yeah)
