

# I Believe In Those Love Songs

James Ingram

Open your eyes  
Now what do you see  
Your man in love standing right where you need me to be  
Oh my love  
Take your time  
You're such a part of me.  
Come taste the wine  
I'll take you somewhere  
The romantic music just flows in the air and we'll be  
Wrapped up in memories  
I do believe  
I believe in those love songs (in those love songs)  
They were written for our lovers those songs  
I believe in those magic words  
The sweetest melodies that I've ever heard  
You touched my life  
In so many ways  
The sound of your laughter the joy that we share everyday  
I'm in love  
When you smile  
Something comes over me.  
I cherish our lives  
The good and the bad  
The songs and the sweet times with all that we've had  
I'm pleased  
Of all of those memories  
I do believe  
I believe in those love songs (in those love songs)  
They were written for our lovers those songs  
I believe in those magic words  
The sweetest melodies that I've ever heard  
La, la, la, la, la, la, la, means I love you  
You're the only one I want to meet  
Sweetest melodies remind me of your tenderness  
And I hear them on the radio  
I do believe  
I believe in those love songs (in those love songs)  
They were written for our lovers those songs  
I believe in those magic words  
The sweetest melodies that I've ever heard
