

Six Pack Lines

Cole Swindell

Don't sound like me
It's hard to believe
Only been three weeks
And my worlds spinnin' round a girl
The prettiest thing I ever saw
I've stood all
I can stand
Of bitin' my tongue
Holdin' it in
Along with that long blonde hair
You're makin' me fall
This beer in my hand is just enough courage
To say what I'm feeling
Cause you got me all nervous
Just like you do every time
You're lookin' like that
I freeze up and
I take another sip
Lean in a little closer like this
What you got me sayin'
I ain't blamin' on a buzz tonight
Cause these ain't six pack lines
Oh, these ain't six pack lines
This is comin' from the heart
Here in the dark
My trucks in park
But my minds going 95
And I even thinkin' bout slowin' it down
No, but whatever you want
We can take our time
Whatever it takes
To make you mine
Girl, it ain't even midnight yet
And the secrets out
This beer in my hand is just enough courage
To say what I'm feeling
Cause you got me all nervous
Just like you do every time
You're lookin' like that
I freeze up and
I take another sip
Lean in a little closer like this
What you got me sayin'

I ain't blamin' on a buzz tonight
Cause these ain't six pack lines
Oh, these ain't six pack lines This ain't no
Say one thing in the moonlight
Then, take it all back with the sunrise
Baby, just as sure as those stars shine
I wanna be there
To kiss you goodnight This beer in my hand is just enough courage
To say what I'm feeling
Cause you got me all nervous
Just like you do every time
You're lookin' like that
I freeze up and
I take another sip
Lean in a little closer like this
What you got me sayin'
I ain't blamin' on a buzz tonight
Cause these ain't six pack lines
Oh, these ain't six pack lines These ain't six pack lines
Girl, you got me buzzin' on you tonight
These ain't six pack lines
Don't know what you're doin'
But you're doin' it right
No, these ain't six pack lines
