

# Gap in the Clouds

## Yellow Days

Ooh, all this time I was just running around  
A beautiful mind between those eyes  
I wasn't looking, but oh I found  
A gap in the clouds, the sun comes out  
We'll stay up all night make you feel alright  
Oh life, oh life  
Oh my dear, don't be afraid  
Oh my heart, speak up and it could come back to life someday  
Who really knows the truth  
Life's what you make it and I wanna make it with you  
Oh you, oh you, ohh.  
Ooh, all this time I was just running around  
A beautiful mind between those eyes  
I wasn't looking, but oh I found  
A gap in the clouds, the sun comes out  
We'll stay up all night make you feel alright  
Oh life, oh life  
Oh, I've been dancing for quite a while It's cold out but those blue eyes they smile  
Oh, that smile  
Ooh, all this time I was just running around  
A beautiful mind between those eyes I wasn't looking, but oh I found  
A gap in the clouds, the sun comes out  
We'll stay up all night make you feel alright Oh life, oh life
