

# Call It My Way

## Ingram Hill

I wanna turn and walk away  
I realize that I can't stay  
And now I know I'll never see a day  
When you are not on my mind, not on my mind  
I want it how it used to be  
I want the old you and me  
I wanna show so they can see  
That any pain can be healed in time,  
be healed in time Call it my way  
I'm not afraid to let you sleep by yourself  
No change today  
And I'll never know what stops me, but if I  
Call it your way  
Then I'll hold you, hold my love  
But I'm  
Movin' on away from this  
I find now I can resist  
I know it's hard to not love you  
But soon I'll be fine, soon I'll be fine  
I want it how it used to be  
I want the old you and me  
I wanna show so they can see  
That any pain can be healed in time,  
be healed in time Call it my way  
I'm not afraid to let you sleep by yourself  
No change today  
And I'll never know what stops me, but if I  
Call it your way  
Then I'll hold you, hold my love  
But I've  
I've let out that I want out  
But wait  
You'll find out we'll work out this way Chorus:  
I want it how it used to be  
I want the old you and me  
I wanna show so they can see  
That any pain can be healed in time,  
be healed in time
