

# Subtle (feat. Mikky Ekko)

## Active Child

I took a bit of your love and held it deep inside  
In calculating the reasons, you keep me SATISFIED  
It's up to you for some love, around I'll  
make some time  
I think I'm losing consciousness, I think I'm LOSING MY MIND  
For you  
Into the middle of all we had, be strong on me  
We cannot fall tonight, no  
Even when I'm gone away, you're one and all  
Seen his thoughts  
When you'll be strong, when I'll go  
Oh no, this feels a mess, you got me paralyzed, baby  
I'm tired of being alone, you will never see me again, no  
Unless you're really alone  
The beat goes on and on  
ON AND ON  
The beat goes on  
We're haunted by the sight  
Boom, boom, broken heart  
Ghost of a lover gone  
I don't wanna be a part  
Girl, I don't wanna sing that song  
The beat goes on and on, forever  
ON AND ON  
The beat comes back around  
Boom, boom, got that start  
Guys of another call  
Oh, you don't wanna be alone  
Girl, dancing in the night  
I still believe I can never make it alone  
Even when you can't deceive me  
I know that we always fall  
Because after all??  
Oh, no, this feels a mess  
You got me paralyzed, baby  
You will never see me again, baby  
Unless you need me alone  
No, no, you will never be alone
