

might bang, might not

Little Simz

If I give you my time and give you my space
Know that that shit's not to waste, yo
Still better know your place, yoI ain't slept good in days, yo
On job runnin' up peso
We smoke too, why ain't you say so?
I'm back on my bullshit
You ain't seen no one like me since
Lauryn Hill back in the '90s, bitch
Feeling myself, yeah, I might be, bitch
Got an old soul and you know that
Bet the olders make way for the '90s kid (Yeah)
Please don't kill my high, I been
Work nonstop, never tired, no
That girl is on fire, you know
Always stay bringin' them vibes, you know
This is for the now
This is for the now
This is for the now
This is for the now
Feel the bass, man
Feel the bass, man
This is for the now
Rise upIf I give you my love and give you my truth
Know that that shit's just for you
Can't know what he be meddlin' through
I'm paid now and I got shit to lose
Look at where we are, who would've guessed, who knew?
I did, that's for sure
I kicked down the doors
They tryna not let me get in
Fuck that, I crashed the party
Fuck that, I am the party
Don't get me started
I am a one-woman army
I am the force that we speak of
What's a wave to a tsunami?
True, my drip enormous
Your tap running out, talk about awkward (Yeah)
My thoughts hella distorted
But got my foresight, it was moving forward
This is for the now
This is for the now

This is for the now
This is for the now
Feel the bass, man
Feel the bass, man
This is for the now
Rise up Born alone, die alone, that's how it go
I'm a parent in this ting, so I'm told
Sellin' bags of rocks and we never fold
On crud, you can hear it in my tone
Watch yourself, be cool, don't stress
Get back to you when I can, messages on read
Ain't new to this shit, I been blessed
No love, you can get the drama instead
Oi, you can get the drama instead
All this smoke to your head
You can get your whole career dead
Can't get my foot off your neck
Go get a bag and invest
Let's add the interest
I'm fuckboy resistant
Looking like a bulletproof vest This is for the now
This is for the now
This is for the now
This is for the now
Feel the bass, man
Feel the bass, man
This is for the now
Rise up
