

# Toxic

## Kehlani

Damn right, we take turns bein' wrong  
I get real accountable when I'm alone  
I get real about it all when I'm alone  
It's so crazy missin' you when I get on  
Don Julio made me a fool for you  
And now I might hit your phone up  
With that ra-ra-ra, missin' my da-da-da  
Missin' that a-a-a (ah, ah)  
All of this love is toxic  
All of this love is toxic  
All these kisses and hugs is knock shit  
You a damn drug, you're toxic  
Uh, all the sex on replay  
Run it back like a DJ  
Surfin' on your face while you eat that  
Tryna make a bad bitch behave, no  
I was this way for you  
Put the pussy away for you  
Thinkin' I would wait for you  
And that damn Don Julio made me a fool for you  
And now I might hit your phone up  
With that ra-ra-ra, missin' my da-da-da  
Missin' that a-a-a (ah, ah)  
And all of this love is toxic  
All of this love is toxic  
All these kisses and hugs is knock shit  
You a damn drug, you're toxic  
Problematic (yeah)  
You know that dick always been problematic (yeah)  
Somehow I'm always caught in your dramatics  
All in your acrobatics  
You know I want the static  
Tell me to throw it backwards, uh (ooh)  
And that damn Don Julio made me a fool for you  
And I still hit your phone up  
With that ra-ra-ra, missin' my da-da-da  
Missin' that a-a-a (ah, ah, ooh, yeah)  
All of this love is toxic  
All of this love is toxic  
All these kisses and hugs is knock shit (Take turns being wrong)  
You a damn drug, you're toxic
