

Everyone (feat. Dizzee Rascal)

Cheryl & Dizzee Rascal

Come on people
tell me something
You got freedom
I don't know what your waitin' for
I don't even know You're still searching
you won't find it
that's because it's been right there
this whole time, you know
where I'm coming from, yeah It's a rude awakening, wakening
there's no way to escape it
don't you give a
turn it all around, 'round, 'round
turn it all around, 'round, 'round
Sometimes life's not fair
don't you let them stop you though
I've been right where you are before, are before
I've been there before
don't let no one stop you though
happiness is for everyone
everyone is for everyone Storms keep coming, rain keeps pouring
life's a villain
you're the hero
you're searching for
you've got to save yourself, yeah I'm no saint and you're not either
no one's perfect
so why we trying to be perfect for?
Do we even know?
Yeah, yeah, yeah
Sometimes life's not fair
don't you let them stop you though
I've been right where you are before, are before
I've been there before
don't let no one stop you though
happiness is for everyone
everyone is for everyone that's right
blaze in the bottom, I come from the bottom
under privileged and overtly rotten
I heard the Scotland, they call it the screams
so I plant something pretty to follow my dreams I put in the what of where did it hurt
I could of got killed, I could of got mugged
I was out a lot but I stuck with it
now summertime came and I'd be round for a visit So you got to go, I got to go home

but you can't just sit there in the depression
wallow in the self pity, yeah, with the nitty and gritty
that's the only way your gonna be sitting pretty You need to aim for the top to reach the top
eeah, I preach a lot but I believe a lot
and if you believe your not
then I should put a laugh on a lad
just to get what I want and guess what Sometimes life's not fair
Don't you let them stop you though
I've been right where you are before, are before
I've been there before
don't let no one stop you though
happiness is for everyone
everyone is for everyone Everybody, everyone
