Mike Will

(Mike Will Made It)

Rae Sremmurd

Uncle Jxm in this motherfucker

Bad bitches do it big in this motherfucker

Let's go! Shake it fast, shake it fast, shake it fast, girl shake it fast

Don't be playin' when you see us, see us spendin' cash

Don't be playin' when you see us, see us spendin' fast

Shake it fast, shake it fast, shake it fast, girl shake it fast

Don't be playin' when you see us, see us spendin' cash

Don't be playin' when you see us, see us spendin' fast

Bitch shake that ass like I'm Too Short

And that bitch spendin' cash like it's a new sport

I'm in the bitch blowin' gas like it's a new sport

Ball so hard that I need two courts

I'm goin'

Let me see you get nasty, make that ass clap

You gon' let me hit you with this wood or not?

Young nigga comin' straight through with the guap

Got a bitch in Hollywood, she good with the top

Pussy pop, pussy pop

Show me that you're worth spendin' all this guap

Uncle Jxmmi tryna bring the freaks out

If they can make that ass clap let me see it now

Let me see it now, let me see it now

Baby bust it open like she from the south

She gon' break a nigga whole bank account

But she with some bouncers so she ain't playin' round

Shake it fast, shake it fast, shake it fast, girl shake it fast

Don't be playin' when you see us, see us spendin' cash

Don't be playin' when you see us, see us spendin' fast

Shake it fast, shake it fast, shake it fast, girl shake it fast

Don't be playin' when you see us, see us spendin' cash

Don't be playin' when you see us, see us spendin' fast Well I done got the whole spot on flood
watch

I can tell she ain't never-ever missed a squat

Zig-zags in my pocket I'm afraid of pot

I'ma egg her on because she dancin' on my crouch

Niggas third wheelin' tryna cock-block

Young Swae in this bitch playin' with a fat knot
I wanna hit the bottom girl and your best friend
I brought a check in, that's what I call checkin' in
You know it's lit
Do the splits
New phone, who dis
Like my Porsche Carrera old girl see a brick
She gon' shake it cause we mean somethin' to the city
Every time she contort it, I support it
I see some broke niggas tryna put they dough together
I get to ballin' like Kobe in the fourth quarter
So much money on me I can't even get it sorted
Shake it fast, shake it fast, shake it fast, girl
shake it fast
Don't be playin' when you see us, see us spendin' cash
Don't be playin' when you see us, see us spendin' fast
Shake it fast, shake it fast, shake it fast, girl shake it fast
Don't be playin' when you see us, see us spendin' cash
Don't be playin' when you see us, see us spendin' fast
Let me say you bust it, shake it like a wet
bucket
Shake it like you at the crap table feeling lucky
Shake it like some pancake mix in the morning
Let me see you do it on that dick cause I'm horny
Shake the panties off, baby girl, don't be boring
Never mind, the cameras girl, I swear we're not recordin'
She ain't got no gag, shawty, swallow all that pipe
No wonder why a nigga in the club tryna fight
Shawty do it all, it should be against the law
Lockjaw, she can suck a bowling ball through a straw
Gon' shake that ass, make it rain, make it splash
Outta cash, bout to swipe my black card between her ass
Me you, and you, let's do what it do
Leave this bitch then go get us a room
The bang-bang-bang like John Witherspoon
And we ain't wakin' up till tomorrow afternoon
Shake it fast, shake it fast, shake it fast, girl
shake it fast
Don't be playin' when you see us, see us spendin' cash
Don't be playin' when you see us, see us spendin' fast
Shake it fast, shake it fast, shake it fast, girl shake it fast
Don't be playin' when you see us, see us spendin' cash
Don't be playin' when you see us, see us spendin' fast
I know a little freak from Hollywood
Sucks on dick, does it real good
